

Chiropractic Consent Form

Dear Patient:

Chiropractic Care involves many different types of physical evaluation and treatment. As with all forms of medical treatment, there are benefits and risk involved in chiropractic. The physical response to treatment varies and cannot always be predicted as every individual is different. There is no guarantee that the treatment will help the condition you are seeking treatment for and there is a risk that treatment will cause some discomfort or aggravation of the existing condition.

During your chiropractic visit, it is often necessary to expose and touch the area in need of treatment. Every effort is made to preserve modesty and keep you comfortable. Please communicate with your chiropractor if you have any concerns during the treatment.

The chiropractor will explain your chiropractic diagnosis and discuss treatment recommendations with you. Chiropractic, as with any type of medical care, is most effective if you participate according to the treatment plan agreed upon. If at any time you have questions regarding treatment and services provided, please do not hesitate to talk to your chiropractor.

Physiotherapy Advanced Rehab (Health Information Custodian for your records) is responsible for protection, collection, use and disclosure of your personal information according to privacy rules set by Personal Health Information Protection Act (PHIPA) and by Personal Information Protection and Electronic Documents Act (PIPEDA).
